

Dear Sir/Madam,

20 October 2024

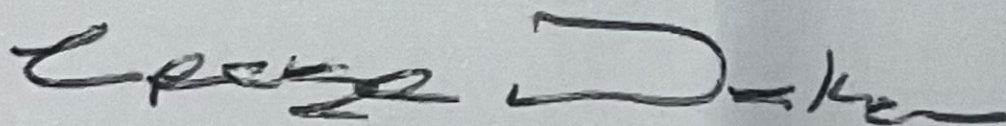

DARIA GODOROZHA

I would confirm that I am the Professor in International Financial Law at the Centre for Commercial Law Studies which is a specialist teaching and research institute within Queen Mary University, London.

I would note that Daria Godorozha assisted us with our research projects in the area of Financial Technology (FinTech) Law, including Digital Currencies, during the academic year 2019-2020. Ms Godorozha was bright and always keen to contribute. I was impressed by her awareness, resourcefulness and general attitude and approach to learning and academic and professional career development. She demonstrated substantial academic ability and significant research and teaching capability and potential.

I hope that this is of assistance.

Yours sincerely,

Prof G A Walker
