

6 July 2026

To whom it may concern

Daria Godorozha sat with me for a week in June 2026 in the Corporate department of the London office of Brown Rudnick LLP. Daria was asked to perform a range of legal tasks, which she did to a high standard. Daria's computer skills are also extremely impressive, which is a tremendous asset as the legal world becomes more and more intertwined with AI.

Yours sincerely,

Thomas Braiden
Partner, Head of Corporate (London)
Brown Rudnick LLP
